Dear Mr. Levy,

Thank you for your lodge's generous offer to fund hotspots for the library system. We are grateful for your support and commitment to supporting access to digital resources in our community.

Several individuals and organizations have expressed similar interest in supporting this service, and we are currently exploring how best to coordinate these offers to maximize their impact.

This topic has not been placed on the agenda for the July 24, 2025, library board meeting, as that meeting will primarily focus on the annual appointment of officers, approval of the meeting calendar, and initiation of committee assignments. I anticipate that the board will be in a position to make a decision regarding the hotspot program at our August meeting.

By that time, we hope to have worked collaboratively with all interested donors to create a coordinated strategy that not only supports the hotspot program but may also identify additional unmet community needs that fall outside of current taxpayer-funded services.

Following the appointment of officers and committees, we anticipate reaching out to the Masonic Lodge to continue this conversation.

We deeply appreciate your willingness to invest in the well-being of our community and look forward to working with you in the near future.

Warm regards,

David Ingram, MD

Trustee/Chair
