Dear Columbia Falls Library Association,

We, the Board of Trustees of the Flathead County Library, thank you for your generous contribution to the Columbia Falls branch for the purchase of a new air conditioning system. Our library in Columbia Falls has benefitted for years from your support and sponsorship, and this is only the most recent example of how your organization has helped make the library an important resource for the Columbia Falls community.

As witnessed by the Bigfork community's success in building a new library, support like yours is pivotal in providing the services our communities deserve. We are so grateful for your continued concern and care.

We look forward to a future in which our organizations work together to provide exceptional library services in Columbia Falls and throughout Flathead County.

Sincerely,

David Ingram, Chair
