Dear Flathead Library Foundation,

We, the Board of Trustees of the Flathead County Library, thank you for your generous contribution of \$40,000 in support of library programming. Your consistent sponsorship is essential to provide our summer reading programs, Wednesday Workshops and teen programs. We are additionally grateful, through your funding, to purchase 3-D wall maps to help bring attention to our map collection in Kalispell, and to purchase new AWE Early Literacy Stations for our library branches.

The relationship between the Flathead Library Foundation and the Flathead County Library is key to providing Flathead County residents with services, in your words "that **go above and beyond basic library services** – the extra support that takes Flathead County Library from good to GREAT."

Your funding of innovative programs, improvement of facilities, and enhanced resources do truly ensure that the library is a vibrant hub of learning connection and community for all.

Sincerely,

David Ingram, Chair
