I LOVE the library!!! Always find great books - I love that I can nearly always find the books I'm looking for since they search through all the libraries in the region. I hate the thought that the library will be moved eventually from its current location - which is perfect!! I love how so many

books are placed out on tables. I love finding new books that way. I wonder why you don't "copy" off of bookstores and arrange tables by Genre's - here are Cony Mystery (my personal favorites), here are Classics, here are soon and so forth - it seems it wouldn't take much to do this.

I love the children's section & although men are grown & no longer come to play, read, enjoy story-time etc - I still always come back and look for kids - I know.

I think all the ladies in the library are so helpful and kind. There's a couple who could smile more; but I know they too are kind & helpful.

I love The Kalspell Library and will be sad when it moves somewhere new.
