Please bring back Candid Foundation
directory.

I know some funding has been lost this
year, but this could be a useful tool to
be able to access additional grants to bridge that
deficite

I would love to be able to rent
a movie from the app where I
get books mostly because I live
in my car, I can't watch at home
NO TV or VCR.

Rhonda,

Cheryl came in this afternoon and we spoke further on the subject. I was able to show her another online option that should help with her needs. She seemed quite satisfied with the response.

Subject: What do you think? Response 11/13/25

Rhonda,

I called and left a message for Cheryl concerning her query on renting movies from the app where she gets her ebooks from us.

I let Cheryl know that OverDrive does in fact have a platform for borrowing movies ([Kanopy](#)), and that staff have reviewed this platform and determined that it would not meet the needs of our patrons for the cost to taxpayers at this time. The Collection Development Team reviews various services and digital platforms on a regular basis, and will continue to seek out offerings that our patrons would enjoy, while also balancing our overall collection budget.

I further let her know that I would be happy to inform her of various options she could use online that were free and may fulfill her needs.
